

Class Name: Painting 1

Teacher: Beth Meggs

Grade level: This course will be geared to high school for high school credit, however I will allow junior high if they are able to stay focused, motivated, and self disciplined. Each parent can use their judgment.

Description: Students experiment with watercolor and/or acrylic to create a variety of two-dimensional (2-D) artworks through the development of skills in painting . Students practice, and manipulate the structural elements of art to improve mark making and/or the organizational principles of design in a composition from observation, research, and/or imagination. Color theory and color mixing will be introduced. We will also look at classical artists to enhance the painting experience. Through the critique process, students evaluate and respond to their own work and that of their peers. This course incorporates hands-on activities and consumption of art materials. This course is designed for high school art credit. I will allow 7th and 8th grade if they are able to stay focused, motivated, and self disciplined. A personal desire to take the course and learn art skills and techniques is necessary. This is not a craft class. There will be homework, and a final portfolio review.

Prerequisites: None

Textbook: I will provide handouts, some supplies, and book suggestions. The book will be helpful but not mandatory.

Supplies required:

Students can purchase their supplies at Hobby Lobby, Walmart, Joann's, or Art Supply of Melbourne (the best place). I have included photos to help you in the process of gathering your supplies. These are from Hobby Lobby. You can purchase supplies anywhere, this is just a guide. Students may require some additional supplies throughout the year, but this should be minimal. For example, if you run out of paint, you will need to buy more.

Weekly class cost: \$8.00

Materials/lab fee: \$20.00

FLDOE Course Number: 0104370

Maximum # of students: 12 **Minimum # of Students:** 6
