

Central Brevard Christian Co-op
Student Picture Identification Page
2016-2017

We are Blessed with the continued growth of our homeschool co-op! With over one hundred students though, it's sometimes difficult to keep all the names and faces straight, especially at the beginning of the year.

On this page, please print a 2x2 inch picture of each of your students, with the student's name typed below their picture. Pictures should include head and shoulders only. This information will be kept in their student file. This page is to be turned in with your registration paperwork.
